Financial figures for school districts and municipalities reflect most recent budgets. The Top 50 Employers list is ranked by the number of employees in Washtenaw, Livingston or western Wayne counties as of Dec. 23, 2009. Wal-Mart Stores Inc. and Target Corp. could not be reached to confirm employment data and are therefore not included on this list. Other companies did not respond to repeated requests for information from Business Review. Information from the 2008 Top 100 Employers List, and from other public sources, was used for those companies. While every effort is made to ensure accuracy and thoroughness, omissions and typographical errors sometimes occur. The list is researched by Jennifer Daniel Szymanski at jenszymanski@ameritech.net.
